

## **Civil Engineer – Entry Level or Experienced (P.E.)**

**Location:** Biloxi, MS

**Company:** Seymour Engineering

Seymour Engineering, a recognized leader in civil engineering on the Mississippi Gulf Coast, is seeking a motivated Civil Engineer to join our growing team. This position offers an excellent opportunity for a recent graduate with a B.S. in Civil Engineering or an experienced professional with P.E. registration.

### **Responsibilities**

- Assist in planning, design, and management of civil engineering projects, including water, wastewater, stormwater, coastal and marine, roadway, and site development
- Perform engineering calculations, prepare reports, and develop construction drawings and specifications
- Collaborate with project managers, surveyors, and field staff to ensure accurate and timely project execution
- Support permitting and regulatory compliance with local, state, and federal agencies
- Provide construction phase services, including site visits, inspections, and coordination with contractors

### **Qualifications**

- Bachelor of Science in Civil Engineering (required)
- E.I. certification or ability to obtain within 12 months (preferred)
- Professional Engineer (P.E.) license a plus but not required
- Strong technical, organizational, and communication skills
- Proficiency with AutoCAD Civil 3D, Microsoft Office, and related software
- Ability to work independently and as part of a collaborative project team

### **What We Offer**

- Competitive salary commensurate with experience
- Health, dental, and vision insurance
- 401(k) retirement plan with company match
- Paid time off and holidays
- The opportunity to work on impactful municipal and coastal infrastructure projects that strengthen our local communities

### **About Seymour Engineering**

Founded in Biloxi, Mississippi, Seymour Engineering provides comprehensive civil engineering, surveying, and environmental services to municipalities, utilities, and private clients. We are committed to delivering innovative, cost-effective, and resilient solutions that support community growth and infrastructure improvement.

### **How to Apply:**

Interested candidates should submit their resume and cover letter to [se@seymoureng.com](mailto:se@seymoureng.com) with the subject line *Civil Engineer Position*.
